

Information on our Cottages

Yarallah cottage is a delightful three bedroom cottage with an extra fold out couch. The cottage comfortably sleeps 6 adults. It is situated in the beautiful north east of Victoria with expansive views over the property.

The garden cottage is fully self contained and has a queen size bed. It backs on to our charming rainforest.

Yarallah is situated 10kms west of Benalla and is within an hours drive of some of Australians best wineries and food providers. It is also within 1 hour of the Murray River , mountains and close to the Goulburn Valley.

Yarallah cottage lends itself to accommodating groups of people who would like an opportunity to be part of a workshop. We have an excellent venue with good natural light that can easily cater for 15 people.

The cottage is situated on a working farm which is run by the Marriott Family. The main business is growing top quality lamb along with grain and wool. All of the farm businesses are conducted with a strong ethic for ecological balance and encouragement of a bio-diverse farm system.

You are more than welcome to share a BBQ or evening meal with the family where you can enjoy some of our home grown produce.

About Us

Yarallah Cottages and Farm Stay is managed owned and operated by the Marriott Family. We have been in the Benalla District for 25 years. All members of the family are involved in and very passionate about the agricultural industry and the sustainable production of food and we would love to share what we do with you.

We currently supply lamb to a local butcher in Benalla. We also attend farmers markets every month where we are forming a very good relationship with our customers.

Attractions for a weekend stay within an hour of Yarallah Cottage

- * King Valley and Glenrowan food and wine regions
- * River Murray and all it has to offer
- * Visit Mt Buffalo and enjoy a gourmet lunch on the way
- * Enjoy the motor sports at Winton Motor Raceway
- * Secluded country roads to bike ride or walk on.

Creative workshop experiences

If you would like to run a class of interest, we are happy to help, we can accommodate anything you require. We will supply you with delicious locally grown food, and create an ambience that will add to a fun and relaxing weekend or week experience.

Paul Margocsy workshop Feb. 2010
